Who We Are

About Us

Poornadwait Solutions Pvt. Ltd. (PSPL) is Amravati based fast growing IT Company, established in 2010, is one of its kinds which develops different types of software, products and provide IT based services. Poornadwait Solutions is trying to do best in information technology in each segment, and among the top in web development segments.

Established in 2010, PSPL presence indeed cuts across the length and breadth of Maharashtra. PSPL is also expanding its footprint, established since 2010. The company's commercial, educational, and social applications are already being marketed in several parts of Maharashtra. It is focusing to establish franchisee/joint venture operations all over India.

The foundation of the company's growth over the last 6 years is a deep understanding of economic stimuli and customer needs, and the ability to translate them into customer-desired offerings through leading edge R&D. With its scholar engineers, the company tries to keep itself innovative in IT Research & Development.

PSPL Through its subsidiaries is engaged in Search Engine Optimization (SEO) solutions, Internet Marketing, Data Digitization Solutions and service operations.

PSPL is committed to improving the quality of applications and services by on areas of employability, education and environment. The activities touch the lives of citizens from the community. The company's support on education and employability is focused on youth and women. The goal of environment protection is achieved through tree plantation, conserving water and social activities.

With the foundation of its rich aim, day by day PSPL is moving towards its goal.

Why PSPL

Our Values:

We are committed to serve our customers and make their goals as our top priority.

The tenets that we follow are: -

- ✓ Timely execution.
- ✓ Technology based innovation and creativity.
- ✓ Respect, Integrity and Transparency.
- ✓ Endeavoring to delight our customers, by exceeding their expectations.
- ✓ Deploying the power of business to create a better world and to fulfil our responsibilities to the larger part of the income pyramid.

Our Philosophy:

Guided by relentless focus on our three imperatives, of quality, time and resources, we constantly strive to deliver technology solutions to our customers. By doing this we generate operational excellence in every corner of the Company and meet or exceed our commitments to the many stakeholders and communities we serve.

Our Services

Software Development:

Poornadwait's Business Application solutions address a diverse range of critical enterprise issues that enable enterprises to decompose business complexity, alleviate organizational stress and instead, concentrate on strategy and growth. Our Enterprise Application services facilitate effective development and integration of underlying, growth-enhancing applications into complex organizational architectures.

We help enterprises streamline, standardize and manage business processes by automating critical enterprise operations.

Website Development:

Poornadwait designs and develops Web Applications that are business-critical and help you sail smooth through challenging and constantly-evolving technological changes. Our web applications tone-down IT complexity, facilitate seamless work flow and synchronize business operations, making them easy to manage and monitor.

Our Web Applications are end-products of in-depth analysis and understanding of client's requirements. Configured to suit client's IT requirements, our web applications help enterprises steer clear of corporate stigmata like processing-delays, information-thefts and problems in data access or recovery. With exclusive business-enhancing features, our applications come with cross platform compatibility (i.e., Windows, Mac, Linux, etc.) and can be easily integrated into other web procedures.

Our Services
